### **SPA DIRECTOR HONOURED BY MASSAGE COLLEGE**

**Vancouver...**The West Coast College of Massage Therapy (WCCMT) has recognized and honoured Juanita Corbett, Spa Director of The Hills Health Ranch, for her "leadership and outstanding contributions to spa education in Canada."

The prestigious award was presented in Vancouver on April 18, 2009 during the Spa Education Expo 2009.

"It is an honour to have played a part in helping the Canadian Spa Industry become such a success" said Juanita Corbett, "The Hills Health Ranch has always worked hard to assist in the professionalism and growth of the Canadian & International Spa Industry, and it is a huge honour & privilege that our efforts have been recognized by our spa industry peers in this way," she added.

The Hills Health Ranch was conceived and built as Canada's first destination health & fitness vacation resort when it opened on June 1, 1985. The spa industry was not even considered an industry at the time, and there were less than a handful of spa resorts in Canada at that time, and no health & fitness resorts.

The Hills Health Ranch has continuously expanded its health, wellness & spa services and facilities, and now features the most health professionals of any resort in Canada with Doctors, nutritionists, counsilors, nurses, trainers, & more. The resort specializes in Wellness Vacations including Weight Loss, Smoking Cessation, Injury recovery, Executive Renewal, and is the home of the Canadian Wellness Center.
